# VERSION CONTROL

Why bother ?  
Tools: The options

# VERSION CONTROL

WordPress under control

Workflows

Q&A

# **VERSION CONTROL**

**Why bother?**

# work with a net

# manage streams

# collaborate

**collaborate**  
(even if only with your future self)

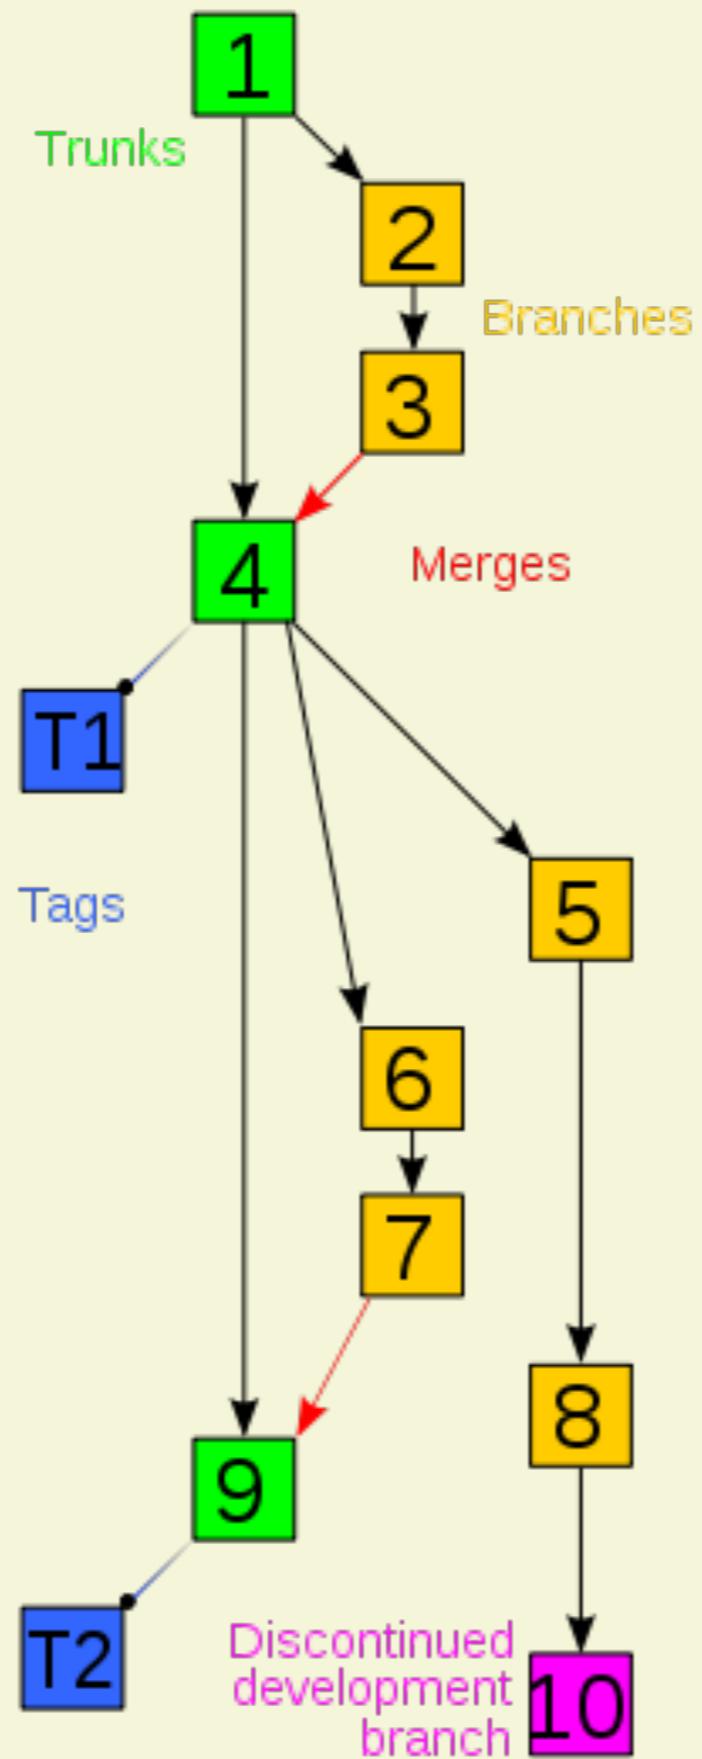

# synchronize

# commitment

# a refresher

# **TOOLS**

**The options**

# subversion

---

# git

centralized  
**subversion**

---

**git**  
distributed

# git terms

clone  
staging area

# git terms

remotes  
push/pull

# **WORDPRESS**

## **Under control**

**manage custom  
plugins & themes**

**manage entire  
WordPress sites**

**O.P.P.**

O.P.P.

other people's projects

# deploy

# databases

# **WORKFLOWS**

Pleasure principal

learn  
by  
trying
